CONTENTS

Preface 5

South American Climatology 7
N. O. GARCÍA

Suspended Sediments of the Modern Amazon and Orinoco Rivers 29
R. H. MEADE

The Pliocene and Quaternary of the High Plain of Bogotá (Colombia): A History of Tectonic Uplift, Basin Development and Climatic Change 41
K. F. HELMENS and T. VAN DER HAMMEN

Late Pliocene–Pleistocene High Resolution Pollen Sequence of Colombia: An Overview of Climatic Change 63
H. HOOGHIEMSTRA and E. T. H. RAN

Late Quaternary Paleoenvironmental Studies in the Gran Sabana (Venezuelan Guayana Shield) 81
C. SCHUBERT, P. FRITZ and R. ARAVENA

Late Cenozoic History of the Eastern Llanos of Venezuela: Geomorphology and Stratigraphy of the Mesa Formation 91
J. CARBÓN and C. SCHUBERT

The Quaternary of Ecuador 101
M. IRIONDO

The Mera Site Revisited: Ice-Age Amazon in the Light of New Evidence 113
K. HEINE

A Probable Scenario for a Dry Climate in Central Amazonia During the Late Quaternary 121
M. IRIONDO and E. M. LATRUBESSE

Geodynamic Environment of Quaternary Morphostructures of the Subandean Foreland Basins of Peru and Bolivia: Characteristics and Study Methods 129
J. F. DUMONT and M. FOURNIER

The Upper Paraná River (Brazil): Geomorphology, Sedimentology and Paleoclimatology 143
J. C. STEVAUX

A Climatic Model for Southwestern Amazonia in Last Glacial Times 163
E. M. LATRUBESSE and C. G. RAMONELL
